

Tracking the implementation of the MDGs with time distance measure

Sunday, 30 September 2007

Pavle Sicerl at the 2007 International Conference on the Millennium Goals Statistics (ICMDGS), October 1-3, Manila, The Philippines.

Â

The

Conference aims to provide the venue for a midterm evaluation since the Millennium Declaration, of the status of the countries with respect to the MDG goals and targets, and of the progress of statistical development programs on the MDG indicators.
